## WHOSE PLACE IS IT TO DECIDE IF SOMEONE IS WORTHY OF MERCY?

On the day of her father's funeral, seventeen-year old Jamie Steele discovers that her dad was once the prime suspect in the disappearance of a local girl. All too familiar with his hard fisted lifestyle and violent temper, Jamie has to find out for herself if he was capable of the crime everyone in their small town thinks he committed. The more she discovers about the disappearance of Sally Blake, the more convinced she becomes that her dad was involved. What will she do if he's proven guilty? Can she find the mercy in her heart to forget the past and mourn the father she lost?

Teresa Slack writes from her Latham, Ohio home which she shares with her husband and teenage son. She is also the author of several short stories, mainly suspense. Her devotions have appeared in the Upper Room magazine. This is her first novel.

### **What people are saying about Streams of Mercy:**

"A finely crafted mystery with a strong story line and unforgettable characters. A hard-to-put-down novel. The reader is mystified in this 'who-dunnit' until the last few pages."

*Margaret Johnson, Author of "18, No Time To Waste"*

"I was engrossed in this story from the beginning. Teresa's characters are fully developed, and I was part of Jamie's journey all the way. A "cracking good" book!"

*Blaine Beekman, Author of "Call of Conscience, Call of Duty"*

"Streams of Mercy" is a mystery which takes hold of you at the outset and won't let go of you until the end. The author's grasp of detail shows her knowledge of the people and places involved in the story. By the time I finished reading her book I felt that I knew her characters personally, people out of my own experience. I would recommend it to anyone who enjoys a good mystery.
